

## PROFILE SUMMARY

As a developer with 2+ years of experience, I specialize in **JavaScript, Node.js, React.js, NextJs, PHP, and Shopify Liquid**. My expertise lies in creating custom Shopify features, Custom Backend Applications and Web Applications, with a proven track record of developing user-friendly websites. Working within agile methodologies, and meeting strict deadlines. My keen problem-solving skills, commitment to keeping abreast with industry trends, and enhancing user experience through innovative solutions.

I am known for my strong teamwork skills and analytical thinking, which enable me to deliver high-quality, scalable products. I am passionate about my work and strive to deliver exceptional results.

## WORK EXPERIENCE

### Senior Developer / Unbundl

July, 2022- Till Now

- **Problem** : Online retailers need a WhatsApp chat button in a Shopify store.
- **Solution** : Develop a custom Shopify app that adds a WhatsApp chat button using Shopify's API and JavaScript.
- **Skill Used** : Collaboration, Creativity, Problem Solving
- **Tech** : Shopify liquid, JS
- **Problem** : Online retailers need to customize the checkout process in a Shopify store.
- **Solution** : Implement JavaScript and Shopify's section rendering API to customize the checkout process and add a section for available coupons.
- **Skill Used** : Attention to Detail, Collaboration, Critical Thinking, Problem Solving
- **Tech** : Shopify liquid, JS
- **Problem** : Online retailers need dynamic sections on a website based on UTM parameters and modifications to the dashboard and coupon management in a PHP-based system.
- **Solution** : Create a PHP-based page that dynamically renders data based on UTM parameters. Modify the API data sent to the dashboard and integrate coupon management into the system's database.
- **Skill Used** : Adaptability, Attention to Detail, Collaboration, Problem Solving
- **Tech** : PHP, SSH, CentOS, MySQL
- **Problem** : Online retailers need a B2B web application that retrieves product data from Shopify stores.
- **Solution** : Build a Next.js project that leverages JSON data containing a list of Shopify stores to retrieve and display product information for the B2B web application using Shopify's API and Next.js.
- **Skill Used** : Adaptability, Attention to Detail, Collaboration, Problem Solving
- **Tech** : React Js, Next JS, MongoDB, Digital Ocean
- **Problem** : Online retailers need a dashboard that retrieves data from Facebook Ads, Google Ads accounts, and Shopify analytics using Python.
- **Solution** : Build a Django project that handles authentication with Facebook, Google, and Shopify. Integrate with Facebook Ads and Google Ads APIs to retrieve advertising metrics, as well as Shopify's analytics API to gather relevant store data.
- **Skill Used** : Adaptability, Attention to Detail, Collaboration, Problem Solving, Creativity
- **Tech** : Django, Python

- **Problem** : Online retailer required basic website for the business.
- **Solution** : Build Responsive and interactive websites over HTML, CSS and JS as per the retailers requirements.
- **Skill Used** : Collaboration, Creativity, Problem Solving, Attention to Detail, Time Management
- **Tech** : HTML, CSS, JS

## SOFT SKILL

- Communication Skills
- Teamwork
- Time Management
- Adaptability
- Attention to Detail
- Critical Thinking
- Collaboration
- Leadership
- Creativity
- Self-Motivation
- Problem Solving

## HARD SKILL

- Programming Languages: JavaScript, PHP, Python
- Frameworks: ReactJs, NodeJs, NextJs, Django
- E-commerce Platforms: Shopify
- Web Development: HTML, CSS, JavaScript, jQuery
- Front-end Development: ReactJs, NextJs
- Back-end Development: NodeJs, Django
- Database: MongoDB, MySQL
- Version Control: Git
- API Integration

## EDUCATION

### 10 / CBSE (7.8 CGPA)

Sarvodaya Vidhayala, Delhi

2015 - 2016

### 12 / CBSE (7.4 CGPA)

Sarvodaya Vidhayala, Delhi

2017 - 2018

### B. Tech.(ECE) (7.7 CGPA)

HMR Institute Of Technology And Management

2018 - 2022
